PROFESSIONAL SUMMARY

Results-driven Data Analyst with hands-on experience in Python, SQL, Power BI, and Excel. Skilled in building end-to-end data pipelines, interactive dashboards, and custom Generative AI solutions. Adept at translating complex datasets into actionable business insights to support data-driven decision making.

TECHNICAL SKILLS

Data Analysis & BI: Power BI, DAX, Excel (Pivot Tables, VLOOKUP), EDA, Data Cleaning, KPI Dashboards

Programming & SQL: Python (Pandas, NumPy, Matplotlib, Scikit-learn), SQL (Joins, CTEs, Window Functions)

ML & AI: Predictive Modelling, Generative AI, NLP, Feature Engineering, Model Validation

Tools: Jupiter Notebook, Git, GitHub, Microsoft PowerPoint, VS Code

PROJECTS

Custom Generative AI – Indian Budget Assistant | *Python, NLP, Generative AI, Machine Learning*

- Built a custom Gen-AI model to analyse and summarize Indian Union Budget documents, making complex financial data accessible to non-technical users.
- Applied NLP and ML on historical budget data; validated output accuracy using precision/recall metrics across 100+ pages of financial content.

Facebook Ad Campaign Performance Dashboard | *Power BI, DAX, ETL*

- Designed an interactive Power BI dashboard tracking KPIs — CTR, conversion rate, CPC, and ROAS — enabling data-driven budget reallocation decisions.
- Performed ETL (extraction, cleaning, transformation) using DAX to ensure data accuracy and build dynamic time-intelligence measures.

Social Media Marketing Data Analysis | *SQL, Query Optimization, Data Mining*

- Queried large-scale datasets using advanced SQL (CTEs, subqueries, window functions) to extract engagement trends and campaign ROI insights.
- Optimized SQL queries reducing execution time by ~40%; cleaned and standardized raw data ensuring referential integrity.

Sales Data Analysis & Reporting | *Microsoft Excel, Pivot Tables, Data Visualization*

- Analyzed multi-region sales data using Pivot Tables and VLOOKUP to identify top-performing SKUs and revenue trends.
- Built visual dashboards and summary reports for stakeholder presentations, improving reporting turnaround time.

CERTIFICATION

Data Science & AI Certification | *PyLab IT Career Institute, Raipur* | Trained by IIT Delhi Alumni Data Scientist

Python • Power BI • SQL • Generative AI • ChatGPT API • Excel • Predictive Modelling

EDUCATION

B.Tech – Electronics and Computer Science | *KIIT University, Bhubaneswar* | 2023 – 2027

Class XII – PCM (CBSE) | *Delhi Public School, Raipur* | 2021 – 2022

Class X (CBSE) | *Delhi Public School, Raipur* | 2019 – 2020
